CAREER OBJECTIVE :

To serve the religion Islam and humanity with true heart and honesty as per instructed by Allah and Passionate and dedicated Developer with a vision to leverage mobile applications for global impact. Committed to utilizing technology as a tool for positive change, I aim to develop innovative solutions that not only serve users worldwide but also contribute to the advancement of my country and the global community. Proficient in Dart/Flutter (Cross Platform). Java (Native Android), I strive to create user-centric applications that address pressing global challenges and foster meaningful connections across borders. Hence finding an organization/group where I can achieve this goal.

WORK EXPERIENCE

Flutter Developer

Office Automation Service (OAS), Karachi

2022-Present

- Played a key role in the development and enhancement of a comprehensive shipment tracking application. Managed all aspects of shipment logistics, including air, sea, land, and express deliveries, as well as freight forwarding operations.
- Utilized Dart/Flutter to streamline processes, improve efficiency, and ensure real-time visibility of shipments throughout the supply chain.
- Contributed to the success of the app by implementing features tailored to the unique needs of freight forwarders and businesses, ultimately facilitating smoother transactions and enhancing customer satisfaction.
